11). Ever since the Trust Bd was constituted, no Depressed class gentleman has been nominated. I think, time has come now to nominate 2 members belonging to the Depressed classes. There are 92 Slum areas in the city and in most of these Slums, ~~are areas~~ the residents are Depressed class people and it is but right that at least one or two D.C. members who know law are taken as members. Sri Basavalingappa B A LL B was a member of the Bldg Corpn and he knows the problems of the Corpns and also to a certain extent, the problems of the T. Bd. Therefore Sri Basavalingappa may be nominated this time. As Sri Dharmaprakasa H Veerappa was a member for two terms

13) I think Mr Krumbiegal is too old to take any effective part in the deliberation of the Board. He may be changed. The three Official member may be continued. So far as the other three non-Officials are concerned I would suggest that the selection be made out of ex-Mayors and ex-Deputy Mayors and of persons who are likely to take keen interest in the activities of the Board. If it is decided to remove Mr Krumbiegal, I would suggest the inclusion of the Chairman Labour Housing Corporation so that there may be effective Coordination

14) In this Connection I would like to mention in passing that the Chairman of the Board might be a senior Revenue Officer with some powers to prevent the large number of unauthorised structures coming up

I feel that a separate Deputy Commissioner may be appointed for Bangalore city with jurisdiction over Bangalore South and North Taluks. He could also be ex-Officio Chairman of the Trust Board. This would incidentally make the work of the D.C. Bangalore more rational and balanced. If the idea is accepted, further detail can be worked out.

Draft:

Dear Sir,

As you are aware, a large number of unauthorised constructions are coming up in and around Bangalore City, is increasing during the last few years. The Bangalore Development Committee presided over by Sri N. Madhava Rau, Retired Dewan, have also noticed this and have said that effective action is necessary to prevent this from becoming a menace. It has been felt that there is no sufficient coordination between the activities of the Revenue Department, Trust Board and the Corporation, and that this is the main reason for this large growth of unauthorised constructions. To get over this difficulty it is proposed that - Bangalore District might be bifurcated into Bangalore District (Urban) and Bangalore District (Rural), as was formerly ~~existed.~~ The Deputy Commissioner, Bangalore District (Urban), might be appointed as the Chairman of the Bangalore City Improvement Trust Board. If this were to be done, it would be possible to coordinate the activities of the Revenue Department and that of the Trust Board, and take effective action to prevent the construction of unauthorised structures.

8.

It would also help in the complete realisation of conversion fine which is not being paid by many persons who have ~~for the~~ constructed houses on revenue lands in the City area. The proposal would also mean that there would be no extra cost to Government. It should be possible to redistribute the staff now working under the Deputy Commissioner, Bangalore District and constitute two separate District Offices. I am to request you kindly to send suitable proposals for the reallocation of the staff, and other administrative matters regarding the above proposals for the consideration of Government very early.

The proposal would incidentally rationalise the work for Dr Bangalore which is undoubtedly a heavy charge now

Government will be happy if the matter is worked up on a top priority basis and a report sent in a week.

Yours sincerely,
